Donated 2019 LCCF. To be offered at the annual Las Campanas Community Fund Silent Auction on June 29, 2019. The Chama River Canyon Wilderness in Northern New Mexico near Ghost Ranch, made famous by Georgia O'Keeffe, is one of the most beautiful scenic areas of the state. This wilderness area calls me again and again to paint in order to capture its timeless message of beauty and existence. The underlying shapes, patterns and rhythms are an endless mystery to be explored in different ways.
